****Student Drivers must drive alone****

Today's Date _____ Requested Date to Drive _____

Student Name _____

Home School _____

Reason for Travel _____

Required Signatures:

Student _____

Instructor _____

Parent _____

Home School Principal _____

CTC Director _____

Seneca Highlands CTC **does not recommend** students drive from their home school, but recognizes that exceptions arise.

Students that have a permit for driving must subscribe to the following conditions:

- Students must have all signatures to drive.
- **As a safety precaution, student drivers are not permitted to transport riders.**
- Students need to sign in/out at their destination each day they drive, and at that time turn in the driving permit slip with required signatures. Without the signed permit, student's privileges may be suspended.
- Seneca Highlands CTC Policy cautions students who drive to school, that the CTC may, without seeking the student's permission, conduct random searches of the vehicle regardless of who owns the vehicle or to whom it is registered. All student vehicles can be routinely searched. If drugs, alcohol, or tobacco are discovered during random or routine searches, the CTC Discipline Code will be followed.
- Any student that is unwilling to follow the CTC protocol and signature requirements will have their driving privileges revoked.
